Environmental Policy

DPS has defined, documented, implemented & maintained Environmental Policy for continual improvement. Environmental Policy is defined as per the site-specific requirements and is appropriate to the nature, scale, environmental activities, products & services carried out in the plant.

The policy is a dynamic document, defined taking into account, and the commitment of **DPS** towards;

- ❖ Conservation of natural resources.
- ❖ Prevention of pollution
- ❖ Comply with Environmental, legal & other requirements as applicable to **DPS**, which are, subscribing to Environmental aspects.
- ❖ Continual improvement in performance of the Environmental management system implementation.

The policy is regularly reviewed by the top management to reinforce its importance to the organization's success in meeting its commercial and legal obligations. DPS has communicated the environmental policy to all the employees in the organization to ensure the effectiveness of the implementation. DPS also ensures that the policy is made available to the interested parties & public.
